SUMMARY OF THE REASONS FOR DECISION:

The DVD entitled *Private Solid Gold* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

This publication is a DVD version of two video recordings entitled *Solid Gold Part 1* and *Untitled aka Private Solid Gold Two* classified by the Office of Film and Literature Classification (Classification Office) and registered on 22 June 1999 and 18 August 1999 respectively. These decisions classified each publication as objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years, with a descriptive note "contains explicit sex scenes".

The DVD *Private Solid Gold* contains a number of components such as trailers and photographs which are additional to the original video recording versions. These additional components contain explicit sexual activity. While these components are additional to the feature they do not change the over all tone of the publication. Therefore they do not alter the classifications given to the original video versions of *Private Solid Gold*.
